Report on Personality Development Session (A.Y. 2021-22)

Day & Date: 11/05/2022 (Wednesday)

Time: 10.30 AM to 11.30 AM (FE)

11.30 AM to 12.30 PM (SE)

Mode of Conduction: Offline

Venue: Seminar Hall

Speakers: Ms. Kanchan Auti & Mr. Yash Meher

(Image consultant & Soft skills Trainer)

Students Attended: 165 FE Students & 136 SE Students

Type of Activity: Training and Placement Activity

Objectives:

The objective of this session was to develop the students spiritually and build selfconfidence, enhance self-esteem and improve overall personality. The program aimed at grooming the students by sensitizing them about proper behaviour, socially and professionally in both formal and informal circumstances.

Summary of the Activity/Event:

Training and Placement Cell has organized a Personality Development Session in association with Gillette and MillionMinds for First Year and Second Year Engineering students. Total 301 students (165 FE students and 136 SE students) were present for this session.

Both speakers addressed preparation for job interviews and business pitches. They have given the top 5 appearance tips for the face. They added that a 'smile' can lead a person towards success. So they advised the students to keep a smile on their faces every time and never cry about the same problem several times. To face job interviews they have presented the rule of ABC. i.e. Appearance, Body language and Communication.

Report on Session on Training and Placement cell

Session on Mind Mapping By Honorable Principal sir (A.Y. 2022-23)

Day & Date: 20 April 2022 (Friday)

Time: 10:00 AM to 05:00 PM

Mode of Conduction:

Speakers: Dr. S. N. Mali (Principal, DYPCOEI, Varale)

Students Attended: 80 Students

Type of Activity: Training and Placement Activity

Objectives: 1. Mind Map involves writing down a central theme and thinking of new and related ideas which radiate out from the centre.

2. By focusing on key ideas written down in your own words and looking for connections between them

3. This will be benefited for Students to remember and recall information, learn new concepts

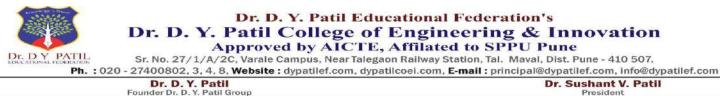

4. It can help find better and more creative solutions to problems,

Improve information retention ,facilitate

Summary of the Activity/Event:

In this program Mr. S.N. Mali provided information to TE Computer students as below;

• Mind Mapping is a useful technique that supports learning, improves information recording, shows how different facts and ideas are related, and enhances creative problem solving.

Presiden

Covered the following points in Particular:

- Step 1: Set Goals. ...
- Step 2: Start Reading the Book. ...
- Step 3: Construct Your Book Summary Mind Map Structure. ...
- Step 4: Review Your Mind Map. ...
- Step 5: Decorate Your Mind Map. ...
- Step 6: Share/Export/Print Your Book Summary Mind Map.

Outcome:

- Clearly, mind mapping has some serious advantages; it can help you find better and more creative solutions to problems, improve information retention, facilitate more effective brainstorming sessions with your team, and deliver a serious boost to your productivity.
- Efficient meeting time and communicating ideas. Increase productivity through better thinking methods.

Report on 2 days System Development Program

Day & Date:Tuesday22ndSeptember 2021 toWednesday23rdSeptember 2021.

Time:10.00 A.M. to 4.00 P.M

Mode of Conduction: Meeting in Seminar Hall

Speaker: Mrs. Anuja S. Patil,

(Secretary, Dr. D. Y. Patil Educational Federation, Varale, Talegaon Dabhade)

Dr. S. N. Mali

(Principal Dr. D. Y. Patil College of Engineering & Innovation, Varale Campus)

No. of FacultiesAttended:25

Type of Activity: Faculty Development Program

Objectives: The program was conducted with an aim to-

- 1. To develop and design a system that meets a specific set of requirements (needs) in the guidelines established by the authority.
- 2. To develop information systems that satisfy organization's an informational, operational, and management requirements. Note that this objective relates to he system being developed.
- 3. To develop information systems in an efficient and effective manner.

Summary of the Activity/Event:

To mark the beginning of the Programme, Secretary, Mrs. Anuja. S. Patil Madam the Chair, inaugurated the programme, she gave brief on the topic as, "The Systems development Process is a comprehensive, iterative, and recursive problem-solving process, applied sequentially top to down by integrated teams. It transforms needs and requirements into a set of system product and process descriptions on questionaries like what? Who? How? and when? This generates information for decision-makers, and provides input for the next level of development. The process is applied sequentially, one level at a time, adding additional detail and definition with each level of development."

It is followed by Principal Dr. S. N. Mali sir gives brief regarding the objectives of this workshop. Dr.S. N. Mali in his address, emphasized the importance of system in organisation. He said, "The engineering discipline that focuses on integrating all the key elements of a system into one overall system and managing it throughout its lifecycle from

start to finish. It focuses on the overall development process of a system that is based on established processes, documented needs, and traceable communications or interaction among the students, faculties, non-teachings, and other stakeholders.He appealed all the faculties to utilize maximum resources at the most of their capacity for academic enhancement.

The project is divided into a number of identifiable processes. All the faculties are divided into 5 groups.Each having a starting point and ending point. Each process comprises several activities, one or more deliverables, and several management points. The division of the project into these small, manageable steps facilitates both project planning and project control.

The whole program ended up with the vote of thanks by Prof. A. P. Chandgude which was followed by Dominoe's Pizza Party. Dr. S. M. Maliconcluded the programme.

Department of Mechanical Engineering Mindful Meditation Expert Session Report

Expert Session onMindful Meditationfor TE students of Mechanical Engineering.

Name of the Event: Mindful Meditation

Day&Date:Wednesday&3rdMarch2021

Time: 10:00am to 11:00pm

Mode of Conduction: Online

Speaker: Mr. Sachin Naik

Students Attended:83 Students

Type of Activity: Expert Session

Objectives:

- 1. How to control mind?
- 2. How to control breathing?
- 3. How to start meditation?
- 4. How to manage time?

Summary of the Activity/Event:

In this Expert session thought about Mindful Meditationby Mr. Sachin Naikto TE Mechanical Engineering students as below;

- Different types of breathing control technics.
- Different ways to relieve stress.
- Activities through regular work.

Outcome:

- Students got strong knowledge of mindful meditation technics.
- Students got knowledge ofbreathing control.

TREE PLANTATION ACTIVITY UNDER NSS

Activity: Tree Plantation

Organization: National Service Scheme (NSS)

Date: 15th August 2019

Location: Dr. D Y Patil College of Engineering and Innovation

Objective: The objective of the tree plantation activity organized by the National Service Scheme (NSS) at Dr. D Y Patil College of Engineering and Innovation was to contribute to environmental conservation, promote sustainability, and create awareness among students about the importance of trees in maintaining a healthy ecosystem.

Planning: The NSS team held several meetings to plan the tree plantation activity. Discussions were held regarding the number of trees to be planted, the selection of suitable tree species, and the identification of suitable locations within the college campus for tree plantation.

Resource Procurement: The NSS team coordinated with local nurseries and obtained a variety of saplings suitable for the region's climate and soil conditions. The saplings were selected to include both indigenous and fruit-bearing trees, ensuring ecological diversity and benefits.

Awareness Campaign: To create awareness among students, the NSS team organized an awareness campaign. Posters, banners, and digital communication channels were utilized to spread the message about the importance of trees, the benefits they provide, and the details of the upcoming tree plantation activity.

Plantation Activity: On the designated day, volunteers from the NSS and interested students gathered at the designated locations within the college campus. The participants were briefed about the planting techniques and the importance of nurturing the newly planted trees. They were divided into smaller groups and assigned specific areas for planting.

Plantation Process: The volunteers carefully dug holes, ensuring appropriate spacing between the saplings. The saplings were then placed in the holes and covered with soil, ensuring proper support and water drainage. The volunteers were guided to provide adequate water to each sapling and apply mulch to conserve moisture.

Maintenance and Care: The NSS team emphasized the need for regular maintenance and care of the planted saplings. Students were encouraged to adopt trees and take responsibility for their

growth. They were educated about the importance of watering, weeding, and protecting the trees from any potential harm or damage.

The tree plantation activity conducted by the NSS at Dr. D Y Patil College of Engineering And Innovation successfully achieved its objectives of environmental conservation, creating awareness, and fostering a sense of responsibility among students towards the environment. By planting trees within the college campus, the NSS contributed to creating a greener and healthier ecosystem. The activity also provided an opportunity for students to actively participate in environmental conservation efforts. The NSS will continue to organize such initiatives to promote sustainability and community engagement within the college and beyond.
