Expert Session Report:

Expert Session on Aptitude for Third Year Engineering students (A.Y. 2022-23)

Day & Date: 3rd February 2023

Time: 11:00 AM to 5:00 PM

Mode of Conduction: Offline

Speaker: Ms. Anuja Mudak (Giri's Tech Hub Trainer)

Students Attended: 73 Students

Type of Activity: Aptitude Session

Objectives:

- How to solve the questions and to improve our speed while solving?
- How to find out solutions through different methods and pick which was quicker?
- How to see the questions in different angles?

Summary of the Activity/Event:

In this Expert session Ms. Anuja Mudak provided information about how to solve questions in quicker method to TE Computer students as below;

- During Session she explained many tricks to solve mathematical problems.
- same problem or situation can be solved in so many different ways
- Mathematical questions solving speed.
- Speed Map method to solve Percentage, Addition, Subtraction and Multiplication of more than two digit numbers problem.

Outcome:

- Students got learning the case analysis in depth.
- Students got different directions to get a solution.

Expert Session on C-Language for Third Year Engineering students (A.Y. 2022-23)

- 108
- Day & Date:** 4th February 2023
Time: 10:00 AM to 5:00 PM
Mode of Conduction: Offline
Speaker: Mr. Pravin Gaikwad and Mr. Ranveer (Giri's Tech Hub Trainer)
Students Attended: 64 Students
Type of Activity: C Language Session

Objectives:

- How to control the flow of a program using conditional statements?
- How to define and call functions in C?
- How to declare and use arrays and pointers in C?

12

Summary of the Activity/Event:

In this Expert session Mr. Pravin Gaikwad thought about flow of a C programming language to TE Computer students as below;

- During Session he explained arithmetic operators, comparison operators, logical operators, and bitwise operators.
- Understanding the flow of a program using conditional statements.
- functions in C, including how to pass and return values, and how to use recursion. questions solving speed.

Outcome:

- Students got C – Language depth knowledge.
- Students got different directions to get a solution.

Expert Session on C-Language for Third Year Engineering students (A.Y. 2022-23)

Day & Date: 11th February 2023

Time: 11:00 AM to 5:00 PM

Mode of Conduction: Offline

Speaker: Mr. Pravin Gaikwad (Giri's Tech Hub Trainer)

Students Attended: 103 Students

Type of Activity: C Language Session

Objectives:

- How to create structure in C programming?
- How to create array of structure in C?
- How to pass structure attributes in function?

Summary of the Activity/Event:

In this Expert session Mr. Pravin Gaikwad thought about Structure usage in C programming language to TE Computer students as below;

- During Session he explained Structure declaration and its applications.
- declaring a variable at the time of defining the structure.
- Structure is a helpful tool to handle a group of logically related data.

Outcome:

- Students got Structure depth knowledge.
- Students got different applications of Structure usage.

Expert Session Report:

Expert Session on C-Language for Second Year Engineering students (A.Y. 2022-23)

Day & Date: 3rd March 2023

Time: 10:30 AM to 4:30 PM

Mode of Conduction: Offline

Speaker: Mr. Pravin Gaikwad (Giri's Tech Hub Trainer)

Students Attended: 72 Students

Type of Activity: C Language Session

Objectives:

- To provide depth knowledge of different data types.
- To provide Knowledge about used of data types.

Topic Covered:

- Array - Types of Array, Properties of array, Benefits and Drawbacks of array.
- Pointer- Pointer Arithmetic Operation.
- Structure –Structure in C and C++.
- Used of structure for Student information and Employee information.
- C Programs of array, pointer, and structure for different variable of different data types.

Outcome:

- Students got depth knowledge of different data types.
- Students got knowledge about use of different data types.

Time: 10:30 AM to 4:30 PM

Mode of Conduction: Offline

Speaker: Mr. Pravin Gaikwad (Giri's Tech Hub Trainer)

Students Attended: 84 Students

Type of Activity: C Language Session

Objectives:

- To provide depth knowledge of functions.
- To provide Knowledge about used of function.

Topic Covered:

- Concept of Function, Types of Function
- Reference Variable – Call by value, Call by Reference.
- Compile Time, Run time
- Program to perform array operation with the help of following task:

Insert 10 floating values in array, Deleting one element in array,

Delete all element in array, Display all element in ascending and descending order.

Outcome:

- Students got depth knowledge of function.
- Students got knowledge about use of different function.

Value Added Program Report

Day & Date: 11th March 2023(Saturday)

Time: 10:00 AM to 04:15 PM

Mode of Conduction: Offline (College Campus)

Experts: Mr. Pravin Gaikwad

Students Attended: 136

Type of Activity: Giri's TechHub Training and Placement Activity

Objectives:

1. To learn stack implementation.
2. To learn stack using linked list.
3. To guide students for implementation using dynamic stack.
4. To train students for writing C programs

Summary of the Activity/Event:

In this session, Mr. Pravin Gaikwad sir (Trainer) has taught following concepts to second year computer engineering students:

- Stack implementation.
- Stack implementation linked list.
- Stack implementation using dynamic stack.

Outcome:

- Students have learned stack implementation modes are maintained non-contiguously in the memory.
- Students have learned Stack implementation using dynamic stack.
- Also, they learned malloc function to allocate memory.

Value Added Program Report

Day & Date: 17th March 2023

Time: 10:30 AM to 4:30 PM

Mode of Conduction: Offline

Speaker: Mr. Pravin Gaikwad (Giri's Tech Hub Trainer)

Students Attended: 145 Students

Type of Activity: To train the students for writing C++ Language Program

Objectives:

- To provide depth knowledge of Stack and queue data structure.
- To provide Knowledge about used of function.

Summary of the Activity/Event:

- Data Structure and Algorithm Queue
- Queue representation
- Basic operation Enqueue, Dequeue, isEmpty, isFull
- Implementation of queue using array or linked list
- Delete elements of queue add elements of queue.

Outcome:

- Students got depth knowledge of Stack and queue
- Students got knowledge about different function of queue

Value Added Program Report

Day & Date: 10th March 2023(Friday)

Time: 10:00 AM to 04:15 PM

Mode of Conduction: Offline (College Campus)

Experts: Mr. Pravin Gaikwad

Students Attended: 140

Type of Activity: Giri's TechHub Training and Placement Activity

- Objectives:**
1. To create awareness about trainings and placement process.
 2. To train students for writing C programs
 3. To train students for aptitude test.
 4. To guide students for solving complex problems of aptitude test.

Summary of the Activity/Event:

In this session, Mr. Pravin Gaikwad sir (Trainer) has taught following concepts to second year computer engineering students:

- Stack operations using Array:
 1. Push()
 2. Pop()
 3. IsEmpty()
 4. IsFull()
 5. Peek()
- Also, Basics of Dynamic memory allocation in stack.
 1. Local Variable
 2. Global Variable

Outcome:

- Students have learned various operations of stack and its implementation using array
- Students have learned add or delete elements from array using push and pop.
- Also, they learned memory allocation concept for local and global variables.

Time: 10:00 AM to 04:15 PM

Mode of Conduction: Offline (College Campus)

Experts: Mr. Pravin Gaikwad

Students Attended: 51

Type of Activity: Giri's TechHub Training and Placement Activity

Objectives:

1. To learn linked list.
2. To train students for writing C programs
3. To learn singly linked list insertion.
4. To guide students for executing program based on session topic.

Summary of the Activity/Event:

In this session, Mr. Pravin Gaikwad sir (Trainer) has taught following concepts to second year computer engineering students:

- Linked List.
- Singly Linked List.
- Singly Linked List Insertion
 - 1) Add a node at the front/begin.
 - 2) Add a node at the end
 - 3) Add a node after given position/data.
- Program based on above topic.

Outcome:

- Students have learned what is linked list.
- Students have learned singly linked list.
- Also, they learned singly linked list insertion, in add a note at front/begin, end, after given position/data.

**One week workshop on
"Object Oriented Programming and Industry Prospects"**

**Report on Session: Object Oriented Programming and Industry Prospects
(A. Y. 2022-23)**

Day & Date: 28th September 2022 - 2nd October 2022

Time: 10:00 AM Onwards

Speakers: Mr. Kshitij Deshpande

(Developer, Siemens, Pune, MH.)

Students Attended: 150 Students

Type of Activity: workshop conducted by Computer Engineering and AI-DS Activity

Objectives: 1. To have detailed knowledge of OOPS Concepts.

2. To know how the problem is solved in industry.

3. Different techniques used in industry to solve the problem.

4. Industry prospects for OOPS developers.

5. This will be beneficial for Students Placement.

6. To learn the object-oriented programming paradigm, focusing on the definition and use of classes along with the fundamentals of object-oriented design.

7. To learn the syntax and semantics of the C++ programming language.

8. To understand the concept of data abstraction and encapsulation, how to design C++ classes for code reuse, how to implement copy constructors and class member functions, to overload functions and operators in C++.

9. To learn how inheritance and virtual functions implement dynamic binding with polymorphism.

10. To learn how to design and implement generic classes with C++ templates and how to use exception handling in C++ programs.

Schedule:

Day 1: Introduction to Workshop and Pre Workshop Test Conducted

Day 2: Fundamentals of Object oriented programming and hands on skill

Day 3: Inheritance and Polymorphism and hands on skill

Day 4: Industry Prospects and approaching a problem in Industry with some example

Day 5: Industry prospect and different Examples on above topics were covered

Summary of the Activity/Event:

In this Workshop Mr. Kshitij Deshpande provided information to SE Computer and AI-DS

students as below:

- He Has covered the main OOP Concept and how they used these concepts in the industry as a developer.

- He has explained these concepts with examples.
- To improve programming skills he gave simple examples and given some tasks to students
- The main problem solving approach in industry.
- To improve hands-on skills ,he took practical sessions wherein students executed the concepts explained by simple examples.

- Covered the following Particular
- Classes in OOPs.
- Objects in OOPs
- Inheritance.
- Polymorphism in OOPs.
- Few questions which are usually asked during an interview.
- Simple commonly asked programs in Interview.

Outcome:

- Apply constructs- sequence, selection and iteration; classes and objects, inheritance, use of predefined classes from libraries while developing software.
- Design object-oriented solutions for small systems involving multiple objects.
- Use virtual and pure virtual functions and complex programming situations.
- Apply object-oriented software principles in problem solving.
- Analyze the strengths of object-oriented programming.
- Develop the application using object oriented programming language(C++).

Glimpses:

Day 1: Prof Sarojini Naik Introducing contents of workshop and pre Workshop Test Conducted

Day 2: Prof Sarojini Naik explaining concept of Fundamentals of Object oriented programming

Day 2: Students practicing hands on skill Fundamentals of Object oriented programming

Prof Sarojini Naik explaining concept of Inheritance and Polymorphism

Day 3: Prof Sarojini Naik explaining concept of Inheritance and Polymorphism

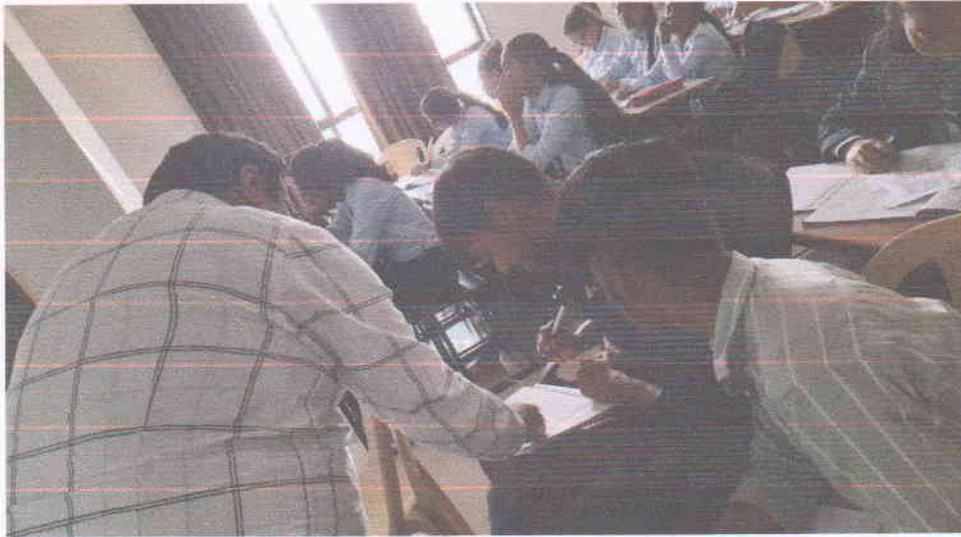

Day 4: Mr.Kshitij Deshpande delivering session on industry Prospects and approaching a problem in Industry with some example

Day 5: Mr.Kshitij Deshpande guiding in practical session

Day 5: Mr.Kshitij Deshpande guiding students Industry prospect and different Examples on above topics were covered in problem solving

Day5:Mr.Kshitij Deshpande Interacting with students and clarifying their doubts

Day 5:Dr. Latika Desai(HOD,AI-DS) Felicitating Mr.Kshitij Deshpande

Day 5: Dr. Latika Desai(HOD, AI-DS) addressing students

A Report
On
First Year Engineering
Induction Program
14th November 2022 to 18th November 2022

This year's induction program for the First-Year Engineering students was organized by Dr. D. Y. Patil College of Engineering and Innovation, Varale from 14th November 2022 to 18th November 2022. The students along with their parents reported to the college on 14th November 2022. All the students were on boarded comfortably. The Department had arranged all the required facilities for the students staying near and far. Hostel arrangements were provided to the students the same day, and all were set for their college life which indeed did begin on a high note.

Day 1 (14/11/2022)

The induction program was inaugurated by Chief Guest Mr. Vidyanand Mankar Sir, Executive Director, Dr. Suresh Mali Sir, Principal DYP COEI, Dr. Priyanka Singh Ma'am, Director DYPIMED Dr. Alpana Adsul Ma'am, Training and Placement officer and Head Department of Computer Engineering, Dr. Lattika Desai Ma'am, Head Department of Artificial Intelligence and Data Science, Prof. Ravindra Daspute Sir, CEO, Dean Academics and Head Department of Mechanical Engineering, Prof. Yogesh Nagvekar Sir, Dean student welfare and Head Department of Civil Engineering, Prof. Dipannita Mondal Ma'am, Head Department of First Year Engineering and Mr. Dattaray Ranvade Sir, Register which paved the way off to a grand start to the induction program. As light symbolizes knowledge and darkness – ignorance, our leaders thus started the induction event with the lighting of the lamp which embarked a new start to the beautiful college life of our dear students. The lighting of the lamp was followed by the Department Presentation by Prof. Dipannita Mondal, Head Department of First Year Engineering. After that, a training and placement presentation was conducted by Dr. Alpana Adsul, Training and Placement officer and Head Department of Computer Engineering due to which students were able to clearly understand the scope and bright future which Dr. D. Y. Patil College of Engineering and Innovation crafts for them. This was followed by presentation by Dr. Lattika Desai Head Department of Artificial Intelligence and Data Science which helped the students understand the importance of the branch they have selected. Post that the University Curriculum and Examination Pattern were explained by Prof. Ravindra Daspute, CEO, Dean Academics and

Head Department of Mechanical Engineering which as followed by the presentation by of, Yogesh Nagvekar, Dean student welfare and Head Department of Civil Engineering which was a great platform for the students to about the students welfare activities conducted in DYPCOEI. The Institutional Presentation as given by our leader Dr. Suresh Mali Sir, Principal DYPCOEI. The toppers of First Year Engineering for the academic year 2021-22 and all the placed students of DYPCOEI was felicitated on this beautiful occasion by all the dignitaries on the dias. After the lunch break now it was time for some ice breakers, fun events were carried out by Prof. Rushikesh Londhe and team, which energized the students and attracted them. It was then time to call it off for the day.

Inaugural Address by Dr. Suresh Mali, Principal DYPCOEI

Inaugural address by Mr. Vidyanand Mankar, Executive Director DYPEF

Day 2 (15/11/2022)

It was then time to kick off Day 2 as the students arrived well in time; to start the event Mr. Atul Joshi founder of Indus Aviation Systems LLP, Pune conducted a session on Opportunities for placements, entrepreneurship and startups - Things to do, he shared his profound knowledge with the students which inspired each one of them to set their goals for the existing career opportunities in the society. This year Dr. D. Y. Patil College of Engineering and Innovation is gifting a Welcome Kit for the students of First Year Engineering. The kit was gifted to the students by Mr. Atul Joshi Sir and Dr. Suresh Mali Sir.

The students then were given an hour's break. Post the break a session was conducted by Dr. Lattika Desai Head Department of Artificial Intelligence and Data Science To end the day Prof. Rushikesh Londhe and team, led the fun events.

Day 3 (16/11/2022)

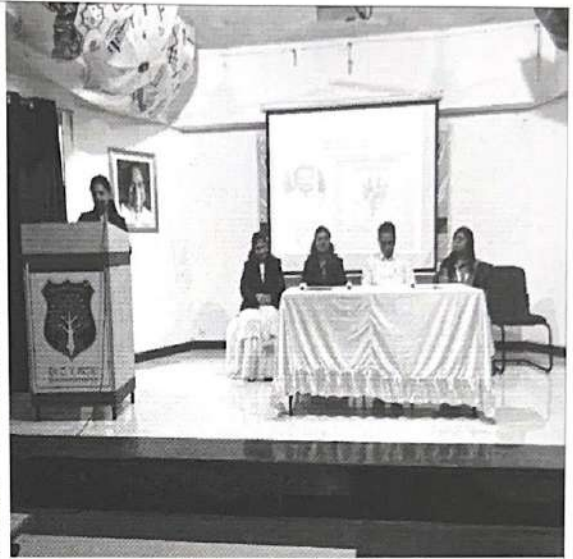

To start day 3 of the Induction program Mr. Akshay Kokil, Scientist DRDO Pune took the session on Future of Career – Divine & Demonic: Need of Corporate World session his practical view on the same was well received by the audience. The second session was taken by Mr. Sachin Panase, Head Car Interior, Tech Mahindra about Inner potential Outer Dynamism, he shared his valuable insights on core Inner potentials. The students were then given an hour's break high as followed by the session conducted by Soft skills- this session helped the students check the English proficiency Test. To end off day 3 on a pleasant note Sports and fun events were conducted by Prof. Ruhikesh Londhe and team.

Day 5 (18/11/2022)

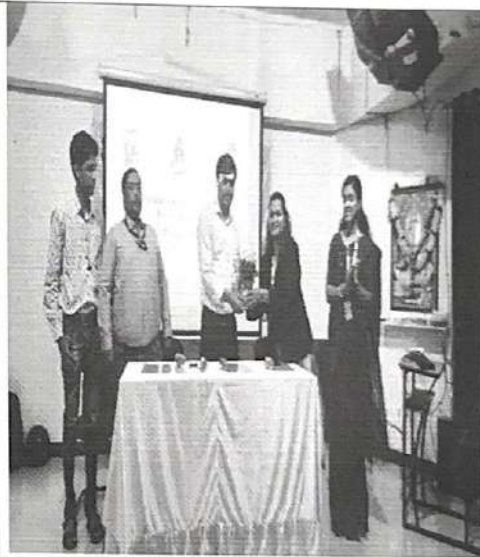

The final day of the five-day induction program had a lot to offer for the students as it unfolded. To start the event a session on How to handle rejection was conducted by Prof. Dipannita Mondal, Head Department of First Year Engineering. This was followed by a session on Placements by Mr. Adinath Giri.

Post lunch a session on Lifeskills was conducted by Dr. Sachin Surve, Coordinator Faculty Development Centre, UGC HRDC, and SPPU. To finally end the astounding induction program, Outdoor sports event were conducted by Prof. Rushikesh Londhe and team. It was followed by much awaited Valedictory function and prize distribution function.

Training Program Report
Online One-Week Short Term Training Program on
'Machine Learning and Its Applications'

1. INTRODUCTION

The one-week short term training program on machine learning and its applications was organized with the aim of providing participants with a comprehensive understanding of machine learning concepts and practical skills in applying machine learning algorithms to real-world problems. The program covered various topics related to machine learning, including the fundamentals, popular algorithms, model evaluation, and applications in different domains.

2. OBJECTIVES

The primary objectives of the training program were as follows:

- Introduce participants to the fundamental concepts and principles of machine learning.
- Give insights to popular machine learning algorithms and tools.
- Explore different techniques for data pre-processing, feature selection, and model evaluation.
- Demonstrate the application of machine learning in various domains such as healthcare, finance, and marketing.
- Foster collaboration and knowledge sharing among participants.

3. PROGRAM STRUCTURE

The training program was designed to be a mix of theoretical lectures, hands-on practical sessions, and interactive discussions. The daily schedule consisted of morning lectures from 10 am to 1 pm. The program structure for each day was as follows:

Day 1: Introduction to Machine Learning and Feature Extraction and Selection

This session was delivered by Prof. (Dr.) Parikshit Mahalle (Dean R&D and Head AI&DS VIIT, Pune). The key points discussed were as follows

- Introduction to machine learning and its applications.
- Supervised, unsupervised, and reinforcement learning.
- Overview of popular machine learning algorithms: linear regression, logistic regression, decision trees, random forests, support vector machines, and neural networks.
- Various types of Feature selection methods as well as feature extraction methods
- Feature selection techniques: filtering, wrapper, and embedded methods

3/2/21

Day 2: Classification & Regression algorithm

This session was delivered by Prof. (Dr.) Sunil Rathod (Associate Professor, ICEM Pune). The key points discussed were as follows

- Data cleaning and handling missing values.
- Feature scaling and normalization.
- Handling categorical data and feature encoding.
- Classification algorithms are designed for categorical target variables and aim to classify data into predefined classes or categories
- Regression algorithms are used for continuous target variables, predicting numerical values.

Day 3: Development of ML Model

This session was delivered by Prof. (Dr.) Abhishek Patange (Assistant Professor, COEP Tech. Uni. Pune). The key points discussed were as follows

- Splitting datasets into training and testing sets.
- Cross-validation techniques.
- Model evaluation metrics: accuracy, precision, recall, F1 score, and ROC curve.
- Overfitting and underfitting: techniques to address them.
- Case study on Bearing Fault Diagnosis in Changing Working Conditions

Day 4: Clustering and Association algorithm

This session was delivered by Prof. (Dr.) Rakesh Tripathi (Associate Professor and Head IT Department, NIT Raipur). The key points discussed were as follows

- Algorithms focus on clustering similar data points or finding hidden patterns.
- k-means clustering, hierarchical clustering, DBSCAN Clustering, Gaussian Mixture Model algorithm
- Mathematics behind various clustering algorithm.
- Hands on Session on unsupervised algorithm.
- Apriori association algorithm with program.

Day 5: Introduction to Neural Network

This session was delivered by Prof. (Dr.) Yogesh Mali (Assistant Professor, GHRCEM Pune). The key points discussed were as follows

- Correlation between human neural network and artificial neural network.
- Backpropagation of Artificial Neural Network.

VB

7382

- Neural network in image recognition.
- Neural network in Natural Language Processing

4. PARTICIPANT FEEDBACK AND OUTCOMES

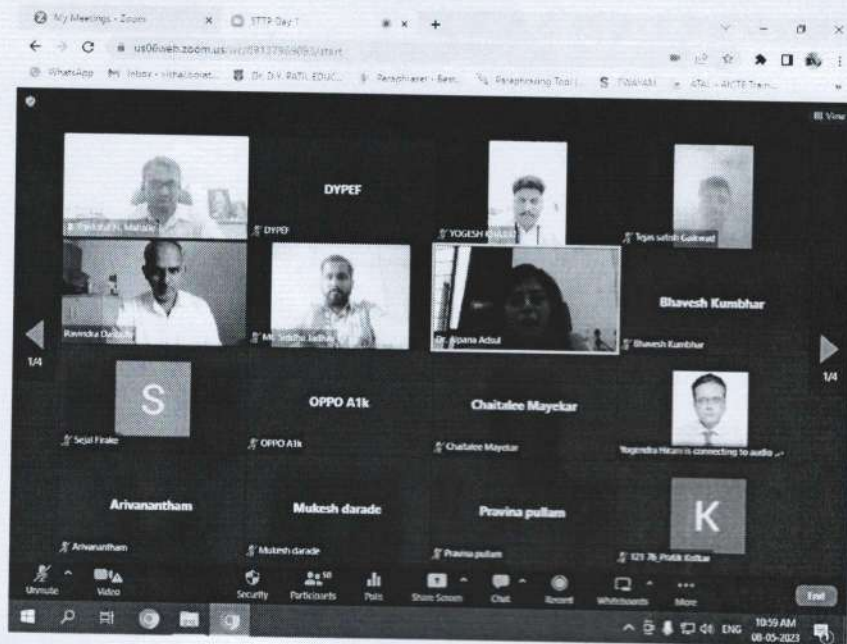

Participant feedback was collected at the end of the each session through feedback forms. Overall, the participants expressed satisfaction with the training program. They highlighted the following outcomes and benefits:

- Enhanced understanding of machine learning concepts and algorithms.
- Hands-on experience with popular machine learning tools and frameworks.
- Practical skills in preprocessing data, selecting features, and evaluating models.
- Exposure to real-world applications of machine learning in various domains.
- Increased confidence in applying machine learning techniques to their own projects.

5. CONCLUSION

The one-week short term training program on machine learning and its applications proved to be a valuable learning experience for the participants. It provided them with a solid foundation in machine learning concepts and practical skills necessary for applying machine learning algorithms to real-world problems. The program fostered a collaborative learning environment and encouraged participants to explore the potential of machine learning in their respective fields. Overall, the training program was successful in achieving its objectives and empowering participants with the knowledge and tools to leverage machine learning in their future endeavours.

(Power Yoga Trainer, Pune)
2. Mr. Adinath Giri
(Training and Awareness of Placement drive - Giri's Tech Hub, Pune)
3. Mrs. Anuya Pitake
(Associate General Manager – L&D at Persistent Systems Ltd).

Students Attended: 109 Students

Type of Activity: Induction programme conducted by Department of Computer Engineering and Department of Artificial Intelligence-Data science.

Purpose:

Transition from school to university/college life is one of the most challenging events in a students' life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations.

Purpose of Student Induction Programme is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self-exploration.

Student Induction Programme engages with the new students as soon as they come into the institution; before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed.

Objectives:

- To help the students feel comfortable in the new environment and adjust to the customs and practices of the college.
- To enable the students to become familiar with the amenities and accessing the intellectual and physical resources of the institutions
- The main aim of the programme is to instil the ideas, practices and spirit of Dr.D.Y.Patil college of engineering and Innovation, Talegaon, Pune and its unique features.
- To enable the students to understand and have better relationship with the faculty members for setting the pace of fruitful teaching learning experiences.
- To create comfortable environment to the newly admitted students to approach faculty mentor when facing any academic, financial and psychological problems through the well-structured Mentor Mentee network.
- Giving attention to stimulating social integration of students among themselves and with teachers.
- Introducing the student support systems of the college.

Schedule:

5. A session on "Trends in IT industry" by Mrs.AnuyaPitake(Associate General Manager – L&D at Persistent Systems Ltd).
6. Fun events by Prof.Lavina Sharma
7. Feedback & Evaluation

Summary andOutcome:

1. **Life Lessons For The Future:** Thesesessions of the Induction programs from experts imparted life lessons. Listening to them with experience of life filled students with enthusiasm & energy to take-on this new step of life.
2. **Add-On Information:** Colleges offer a variety of additional courses that are mentioned in the brochure, but, are generally ignored by the students. During an induction program, the faculty introduced these add-on programs that students can join.
3. **Familiarization withDepartment:** As a student, one will spend 4 years of his/her life as part of a specific department in the college. Getting acquainted with department heads in-advance can be very vital for students. Getting to know who the professors are, where will classes be held, at what timings, and where the laboratories are can ensure that students do not enter college at day one with a blank mind! So through the induction program we introduced HOD's, Professors, Labs, Classrooms etc.
4. **Meet Your Mates:** To enter a class with friends on day one of college can be a blissful feeling. This induction program helped the students to meet & interact with all their batch mates and make friends.
5. **Extra-Curricular Activities:** Every College or University offers extra-curricular activities like NSS, NCC, Sports, & Cultural affairs. During an induction program, the students are introduced to all these activities that the institute offers. One can choose to join any of these based on interest. Students cannot join something that interests him/her until he/she knows that the institute offers that particular activity! Through the "student welfare" session we introduced about these things.
6. **Know The Scholarships Offered:** During the induction program, the college familiarized students with all the scholarships offered.
- 7.**Fun and games:** Research has shown that games are essential for healthy development. Play lets students practise what they know, and also what they don't. It allows them to experiment through trial and error, find solutions to problems, work out the best strategies, and build new confidence and skills. We did this with the help of fun and games.

Training and Placement Activity

Report on Session on Training and Placement cell Company Specific Training – TCS, Capgemini, Wipro Specific (A.Y. 2022-23)

Day & Date: 18th to 20th July 2022 (Monday, Tuesday, Wednesday)

Time: 09:30 AM to 04:30 PM

Mode of Conduction:

Speakers: Mr. Pavan Nerniya

Students Attended: 110 Students

Type of Activity: Training and Placement Activity

Objectives:

1. To make students able to critically evaluate various real-life situations by resorting to an analysis of key issues and factors.
2. To demonstrate various principles involved in solving mathematical problems and thereby reducing the time taken for performing job functions.
3. This will be beneficial for Students Placement, as they can crack the company's aptitude test.

Summary of the Activity/Event:

In this program Mr. Mr. Pavan Nerniya provided information to TE Computer students as below:

- They have taken important questions of previous quantitative exams of various companies (TCS, Capgemini, Wipro).
- They have posed several logic based questions to the students to make them aware about the relevance of training their minds to think differently but constructively. The students actively participated in answering his queries.
