A Report On

“Online Parent Teacher Meeting 2022” (13th May 2022, Friday)

1st Online PTM semester 2021-22 at a Glance:

- Date: 13/05/2022, Time: 10 AM onwards
- Total number of parents who attended meeting: 54

Objective of the event:

Dr. D. Y. Patil College of Engineering & Innovation -PTM committee organized Online Parents Teachers Meeting for First Year Engineering for Semester 2 on 13/05/2022. The main objective of the meeting was to create a common platform, where teachers and parents come together to discuss student's performance and devise ways to enrich their learning experience. The parents were intimated about the meeting well in advance through Class teachers and Teacher Guardians.

Activities during the event:

To make parents feel a 'sense of ownership' and address them equally as partners in the betterment of their child's learning outcomes, Dr. D. Y. Patil College of Engineering & Innovation conducts regular Parent Teacher Meetings every semester to discuss about the student's performance and progress. Whilst this happens on an offline basis, with the current pandemic we took this to a digital platform like Google Meet.

During 10 am to 10:30 am, Prof Dipannita Mondal Madam, Head of First Year Engineering introduced parents with the Vision and Mission of the institute and the departments along with anti-ragging rules, attendance criteria (75% Mandatory), focus on quality education, library facilities and general criteria of the institute. She also highlighted the Institute's best practice for effective teaching learning process and how it helps placement and higher studies.

upcoming End-Semester examination. Discussion was focused on student's specific strengths and weaknesses in individual subjects and student discipline in online classrooms. Apart from the usual discussion on ward's progress, attendance, improvisation and challenges, Counsellors interacted with parents to make them aware of the ward's current learning process. Parents' suggestions on the interests and learning of their awards were noted.

Outcomes of the event:

Total 54 parents participated in the 1st PTM of Semester 2021-22. Parents became aware of the institute's rules and regulations, methodologies of teaching & learning for the overall welfare of students. Parents were encouraged to appreciate student's participation in all academic activities. Parents appreciated the efforts and the individual attention given to every child despite it being via an online platform. Though there are certain difficulties in online sessions, despite this, many parents feel that online classes are a great initiative to gain visibility on their performance and also avoid a huge learning gap once they return to the institute.

Feedback from Parents:

Thank you so much for organizing a parent's teacher meeting online as per the current pandemic situation. Parents teacher meeting we came to know about our child's progress and also know about the weak area in which the child needs to improve. Through the attendance report, we also came to know about the regularity of our ward in lectures.

-Mr. Anil Matte

Dr. D. Y. Patil College of Engineering & Innovation is the best place to let your children learn and grow. Every day my daughter looks forward for online classes. She enjoyed learn new things each and every day. She participated in a variety of activities and events virtually. The way faculty member has helped our daughter in developing her individuality, while at the same time emphasizing on self-discipline and respect towards others, has truly been a best experience.

-Mr. Ravindra Mathapati

The PTM held in online mode in the pandemic situation was a needed program as it provided me insight into how my son is doing. Overall talking to the teachers was a satisfactory experience and hope the next time it is held offline. Teachers provided all necessary information in a very detailed and understanding manner.

- Mr.Umesh Rasane

This initiative of parent teacher meeting is highly appreciable in this pandemic situation. During online education parents cannot exactly visualize the progress of their ward that is why this kind of meetings gives a chance to make parents aware about academic progress of their child. For me it was a very informative session and I am looking forward to all future meetings.

- Mr Ajay Wagh

Feedback from Faculties:

Parents Teacher Meeting is an essential aspect in the modern day teaching methodology. Parents are important stakeholders of education policy. PTM held by Dr. D. Y. Patil College of Engineering & Innovation will enhance the quality of overall growth of students and will develop a strong and healthy bond between teachers and their students furthermore it involves

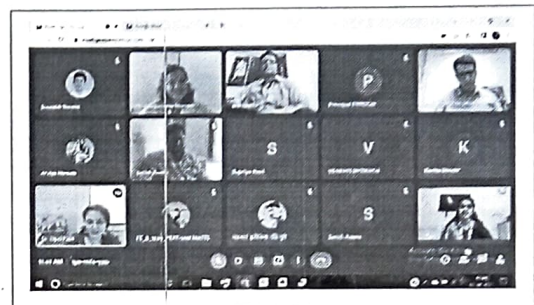

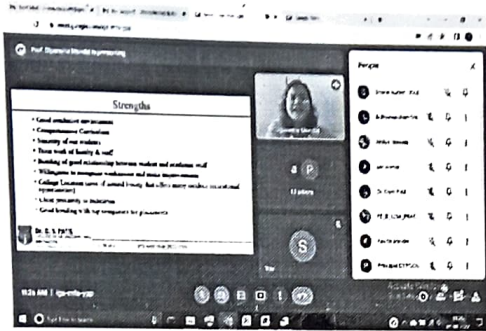

the faith of parents in the Institute.

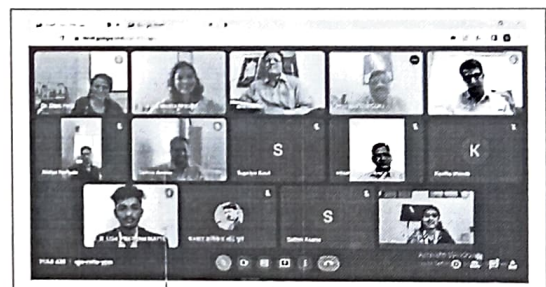

-Prof. Sherin Kurian,
Assistant Professor, Dept of FE

PTM of semester 1 was very unique this time as it was on virtual platform. The parents appreciated the fact that the online classes led to learning with enjoyment. They appreciated the initiative taken by the College to conduct online classes and as well PTM before starting offline class.
