A Report

On

HOW TO PERFORM: A ROADMAP TO BECOME ENGINEER

Date – 13th June 2023

Venue – Engineering Seminar Hall

Time – 11:30 AM

The department of first year engineering conducted guest session of Dr. Suresh Mali, Principal, Dr. D. Y. Patil College of Engineer & Innovation. At 11:30 am and started with a brainstorming seminar on "How to Perform: A Roadmap to Become Engineer".

Speakers have been started the session by discussion of students last semester result and student performance. Speaker also explains the about success that it is process therefore it is not achieved in a day or a night. It is a long steady process that requires hard work, commitment, and sacrifice.

The speaker also highlights about few facts, that are important to crack exam that is concentration, time management, consistency in studies, write to your own notes and write answer in exam with help of important keywords / jargon.

However, the speaker concludes the session by giving message to student that success does not come in one try. It takes a lot of perseverance and effort to succeed in something. In this process, we sometimes fail. And although this failure can seem very disheartening, we must not stop there. This is because failure is merely the stepping stone to success. The Speaker ends the session by interacting with students and question answer session.

This guest session was organized under the guidance of Head, Department of first year engineering, Prof. Dipannita Mondal, and all first-year department faculty were present.
